DIXON ILLINOIS WEDNESDAY JANUARY 3 1912.

Daily Twenty-Eighth Year No. 2

JUDGE FARRAND WILL HEAR WEBSTER CASE

PRISONER BROUGHT INTO COURT TODAY AND CASE SET FOR JANUARY 22ND.

CLOTHES OF DEAD WOMAN FOUND

State Claims to Have Clear Case of Murder Without Webster's Confession.

Oregon, Ill., Jan. 3.—Special to the Telegraph—Despite the many predictions that an attempt would be made by the defense to take Dr. Harry E. Webster's trial out of the hands of Judge Farrand, it was decided today when that jurist called the docket that he shall preside at the trial of the confessed wife murderer, and the trial will commence at 1:30 p. m., Monday, Jan. 22.

The prisoner, pale from his long confinement, but attired neatly in a blue serge suit, clean shirt and collar, and apparently at peace with the whole world, was brought into court at 1:45 o'clock and listened to the setting of the date when he will be placed on trial for his life, with almost absolute unconcern.

His attorneys agreed readily to the recommendation of States Attorney Emerson that the trial be set for Jan. 22, and afterward to a Telegraph representative, Francis J. Callahan, one of counsel for the defense, stated that Judge Farrand would be absolutely satisfactory to the defense. He refused, however, to state what the line of defense would be. He and Attorney John Erwin of Dixon left for Chicago this afternoon to prepare their case.

Claim Perfect Case.

Oregon, Ill., Jan. 3.—Special to the Telegraph—A perfect case for the prosecution is being claimed by the friends of States Attorney Emerson, who on Jan. 22 will commence his battle to send the confessed wife murderer to the gallows, and the friends, who are close to the prosecutor make statements which if true, indicate that that official and Sheriff Delaney while saying very little during the three months Webster has been in the county jail here, have worked so carefully and thoroughly that Webster's confession will not be needed in any way to prove that he committed the awful crime that he first admitted and afterward denied.

Have Found Clothes.

It is stated on the very best of authority that the clothing of the murdered woman was found by officials of the states attorney's office over two months ago. In fact, it is affirmed that the clothes were found about three or four days after the discovery of the nude body of the murdered girl, that they have been positively identified by relatives of Bessie Kent Webster and that they will be introduced in evidence during the trial.

It is further stated that during his incarceration Webster has made statements which will be used against him during his trial, and there is a general feeling here that he cannot escape the gallows, despite the emotional insanity defense the prisoner's attorneys will make for him.

States Attorney Emerson has anticipated all the time that the defense would be along that line and he has laid his plans to counteract anything the defense may spring in that line.

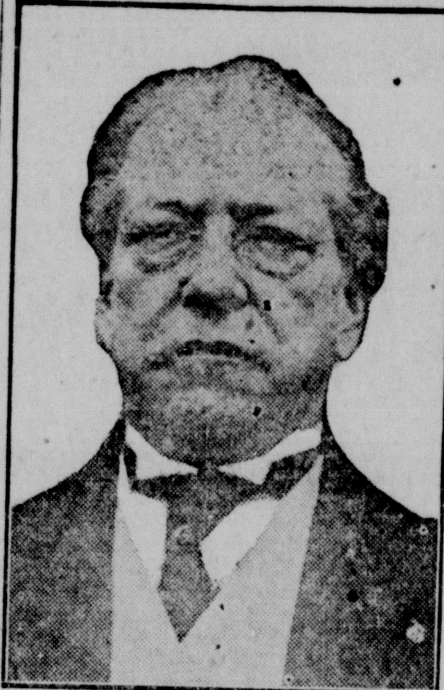

Special Verdict Being Drawn.

The circuit clerk's office has prepared the list of men who will make up the special venire to report Jan. 22. There will be 100 men in this venire and the regular petit jurors for the fourth week will also report. However, it is not thought the jury can be secured from the 235 men, owing to the publicity that has been given the case and the fact that public sentiment is so strong against the prisoner.

ATTY. ERWIN TO OREGON.

Attorney J. E. Erwin, chief of counsel for Dr. Harry E. Webster, went to Oregon this morning to be present in court when the docket is read and the trial list made up.

SAMUEL GOMPERS

Samuel Gompers, president of the American Federation of Labor, makes strenuous denial of having insulted the American flag by standing upon it while addressing a meeting of laboring men at Oakland, Cal.

STERLING GAMBLERS CAUGHT IN THE ACT

SEXTETTE PAYS FINE AS RESULT OF RAID BY CHIEF HAGLOCK.

Chief Haglock of the Sterling police force, made a raid the other evening on a room over the Walker & Wolber saloon, where he suspected the lid was being pried loose, and took six gamblers into custody who were enjoying a poker game. Yesterday the six appeared before Justice Weaver and paid fines for breaking the city laws. The room had been rented by a dozen Sterling sports who used it as headquarters for card games with a money stake. Chief Haglock sees that the city is kept clear from gambling and the bad reputation that Sterling has had in the past is being vastly improved.

JUDGE BAUME IN CHICAGO.

Judge Baume, who is presiding at the January term of the Lee county circuit court, went to Chicago this morning to transact some professional business.

BABY DAUGHTER DIES.

Local friends have received the sad intelligence of the death at their home in Chicago of the infant daughter of Mr. and Mrs. Fred Havells. The baby, whose name was Clara, was sixteen months of age and was a particularly bright child. Mr. and Mrs. Eugene Harrington of this city were called to Chicago by the illness and death of the baby.

ICE HARVEST WILL START NEXT WEEK

BELIEVED ICE ON ROCK RIVER WILL BE 15 INCHES THICK NEXT TUESDAY.

The harvest of natural ice from Rock river will commence next Tuesday, when George Schorr will begin cutting for his big ice house at the brewery. The ice is freezing rapidly now and it is thought that by Tuesday it will be at least 15 inches thick. Mr. Schorr is advertising for teams in today's issue of the Telegraph and wishes to fill his houses as quickly as possible.

CONTRACT LET FOR SMALL CITY JOB

Commissioner Van Bibber states that he has awarded the contract for the alterations to be made at the first station, mention of which was made in yesterday's Telegraph, to George Carbaugh, his bid being \$54. The work will be rushed as rapidly as possible.

DIXON HORSE BRINGS \$10,000 AT SALE

J. W. HOYLE SELLS FAST TROTTER, MARIGOLD, TO THOS. MURPHY.

WORLD RECORD FOR FIVE HEATS

Mare Is Seven Years Old, Well Bred and Gives Much Promise for Future.

Dixon, the first home of the Broncho, the champion pacing mare, again comes into prominence in the racing world, through the sale of Marigold, J. W. Hoyle's fast trotter, to Thomas Murphy, one of the most famous drivers in the country, the deal being consummated yesterday.

Marigold was sold for a consideration of \$10,000, it is announced, and the mare will be shipped to New York City, Mr. Murphy's home, this evening. For several weeks there have been many offers for the animal, but Mr. Hoyle held out until finally there came a man who recognized the worth of the animal. That man, Murphy, is one of the foremost of the successful drivers of the country, being behind R. T. C., the sensation of the Grand Circuit last year, winning many stake races which were worth at least \$10,000 each.

Have Same Grand sire.

By a strange coincidence R. T. C., his winner of last year, and Marigold, the horse he has just purchased, both breed back to Delmarch, and equally coincidental is the fact that Marigold's own dam is a full sister of the dam of The Broncho, the great little pacer who first attracted the eyes of the racing world to Dixon.

Marigold is well known to race followers of this section. She is seven years old and holds the world's record for the fastest five consecutive heats over a half mile track ever trotted by a mare. She was a consistent winner for Mr. Hoyle, who owns the Rock River Stock Farm, during the past two years, and her official record is 2:12 1/2, made of course, on a half-mile track.

Is Very Well Bred.

Marigold has the blood of good race horses. Her sire was Delmarch, whose sire was Delmarch, well known to horse lovers of the country. Her dam was Brightlight, a full sister to the dam of The Broncho. Brightlight's dam was Agnes Wonder, by Little Wonder. Registered 2679, whose sire was Normal Jr., by Norman 2:25. Norman was dammed by Fannie, by Quaker Jones.

Naturally, Mr. Hoyle and Dixon horsemen are taking a great deal of interest in the future of the mare, and the predictions are that Murphy with his great experience will make her a recognized Queen of the turf.

ROBERT MEALEY FUNERAL HELD TODAY

The funeral of Robert Mealey, held this morning at 10 o'clock at St. Patrick's church was very largely attended and there were many floral tributes from the many friends of the deceased. Father Foley preached the funeral sermon and interment was in Oakwood.

WILL TRY TO MAKE STERLING DRY

Sterling, Jan. 3.—Special—The local option forces last evening started the circulation of their petition that the question be voted on again at the coming election in April. Although the local optionists have been beaten twice they still have faith that they can swing the city into the dry column.

ELIZABETH SHAW CASES SETTLED

PROVISIONS OF THE WILL ARE TO BE CARRIED OUT AS DIRECTED.

TWO-FIFTHS GOES TO BROTHERS

Fund Set Aside for Addition to Hospital and Free Bed—Presbyterian Church Benefits.

The suit commenced some time ago by William Shaw of San Diego, Cal., and Samuel Shaw of Kansas City, Mo., against the board of directors of the Katherine Shaw Bethea hospital of this city, the Presbyterian church and the St. Luke's Episcopal church of Dixon, the Presbyterian hospital of Chicago and several other legatees, and George C. Dixon as executor and trustee under the will, to set aside the last will and testament of Elizabeth J. Shaw on the ground that she was of unsound mind at the time of making the will, which has been pending in the circuit court of this county, has been dismissed, and the purported will is to stand as the last will and testament of Elizabeth J. Shaw and the provisions of the will are to be carried out as directed by the will.

The suit commenced by the same parties against Undine Shaw, Hoyt Shaw, Effie Shaw, Leon Shaw, John Henry Shaw, the board of directors of the Katherine Shaw Bethea hospital, George C. Dixon, administrator with the will annexed of the estate of Mary A. Shaw, deceased, and others, to set aside the instrument purporting to be the last will of Mary A. Shaw, who was a sister of Elizabeth J. Shaw, has been settled on terms that are satisfactory to the complainants and defendants in both suits, and has also been dismissed. The estate is valued at not over \$14,000, and according to the terms of the settlement of the complainants, who were brothers of Mary A. Shaw will receive each one-fifth of her estate, amounting to about \$2,500 each.

The settlement of the above suit disposes of litigation involving between \$80,000 and \$100,000 worth of property and the parties interested state that all are satisfied with the settlement and long and expensive litigation is thus avoided.

As a result of the settlement several legacies will be paid to local organizations, among them as follows: Katherine Shaw Bethea hospital, for an addition to the present building, between \$15,000 and \$14,000, depending upon the sale of some of the real estate of the Elizabeth J. Shaw estate, which will be sold in a short time.

\$6,000 to George C. Dixon, trustee, and his successors in trust, forever, and the income to be paid to support a free bed in the above hospital, for the use of the needy and unfortunate.

In the event that the local hospital should cease to exist or refuse the above income it shall be paid annually by the trustee to the Presbyterian hospital of Chicago for the same purpose and for the support of a free bed to be known as the Katherine Shaw Bethea bed, the same as is required of the local institution.

\$1,500 shall be paid to the Presbyterian church of Dixon.

\$500 to the St. Luke's Episcopal church of Dixon.

\$500 to the city treasurer of the city of Dixon to be invested and the income applied toward the care of the Shaw and Bethea lots in Oakwood cemetery in this city.

WILLIAM H. STEAD IS CANDIDATE FOR ATTORNEY GENERAL

HAS MADE A GREAT RECORD

MR. STEAD'S ADMINISTRATION HAS BEEN CREDIT TO STATE—HE SHOULD BE RENOMINATED.

The people of Illinois will have an opportunity to recognize the talent, zeal and integrity of a public officer when the name of Hon. Wm. H. Stead appears on the primary ballots for renomination as republican candidate for attorney general. In these days when suspicion and taint of irregularities are so common in the public mind, it is indeed pleasing to find one who can go fearlessly before the voters and seek renomination on the merits of past service. Never once since assuming the duties of attorney general in 1905 has there been the least suspicion or the faintest suggestion that the duties of his office were not honestly and capably executed. Not only has Mr.

Stead won commendation from all republicans, but so able has been his administration of his office that a great many voters will show him preference regardless of political alignment. The confidence of all has been inspired by the thorough manner in which the attorney general has conducted the affairs of this important office.

DUTIES IMPORTANT; OPINIONS UPHOLD BY COURTS.

With the ever increasing number of laws and legal complications arising out of the creation of state boards and commissions, the duties of the attorney general have increased in proportion. The advisory work of the attorney general takes up much time, and it is due to Mr. Stead to state that during his term of office this advisory work has always been done promptly and courteously. Official opinions are rendered to the state officers, to the states attorneys and to various state boards and commissions. Unofficial opinions are rendered to county, town and municipal officers and also to individuals. In the last published report of the Attorney General which appeared in 1910, the following figures were printed: "During the two years covered by this report, 3,118 official opinions and 19,679 unofficial opinions and letters were rendered by this department." That his opinions are carefully considered is evidenced by the fact that in nearly every instance where they have been passed upon by the state supreme court, they have been upheld.

Enforcement of Inheritance Tax Laws.

During the administration of Mr. Stead, the inheritance taxes assessed and collected through proceedings directly instituted by the attorney general have nearly doubled. Records show that prompt, efficient and vigorous enforcement of the inheritance tax laws has resulted in the assessment of nearly five million dollars. The assessment of these inheritance taxes involved an immense amount of work by the legal department of the state. Careful investigation, examination of many thousands of estates and the necessary thousands of hearings before appraisers and courts required much effort and consumed much time.

Won Illinois Central R. R. Tax Cases. The one great achievement which stands out pre-eminently in the administration of the attorney general's office is the case of the State

against the Illinois Central railroad. This case has not been finished, but the state has already been saved millions of dollars by the action. As attorney general, it fell to Mr. Stead to prosecute for the state, and his efforts and victories thus far throughout the trial are well known to all.

This case was commenced by Mr. Stead and is now in his hands. It is only justice to him that he be returned to his office that he may conclude this famous case which has attracted attention throughout the civilized world. Only a man of conspicuous ability, fidelity and courage could cope with the complications which are involved in this litigation. Only a man of Mr. Stead's proven ability should be chosen to represent the interests of the state.

DISCUSS ELECTRIC RAILWAY EXTENSIONS

MEETING TODAY TO DISCUSS MOLINE AND PRINCETON LINES FROM STERLING.

James M. Ennis, former mayor of Princeton, passed through this city this morning on his way to attend a meeting in Sterling of the directors of the proposed electric road from Sterling to Moline and from Sterling to Princeton.

Mr. Ennis stated in Dixon that this was a very important meeting and it was likely that the fate of the proposed project would be decided at this session.

GRAND JURY HAS COMPLETED WORK

ONLY TWO CASES INVESTIGATED AND BELIEVED BOTH ARE HELD.

The criminal matters to come before the January term of the Lee county court will doubtless be few as the grand jury will be ready to report when Judge Baume convenes the court at 4 o'clock this afternoon. As far as is known but two cases were investigated by the jury and indictments are said to have been returned in both. One of the indictments is against Ed. Loan of Maytown and it is stated that he has been indicted on three counts: robbery, resisting an officer and assault with a deadly weapon. It will be remembered that Loan was charged with having robbed Nels McBride of East Grove of between \$200 and \$300 in cash, and when Constable Stannard of Amboy sought to arrest him, of having assaulted him with a shotgun, breaking his arm. Nothing is known of the other indictment.

COUNCIL DECIDES TO TAKE UP QUESTION AT SPECIAL MEETING.

FAVOR A CONTROLLING INTEREST

Three City Banks Offer 3 Per Cent Interest for Handling the City Funds.

WHAT THE COUNCIL DID. Passed monthly bills amounting to \$2,003.35.

Referred bids of the three local banks, each of which offers 3 per cent interest on the city's money, to Commissioner Schmidt, with power to act.

Accepted bonds of Fire Chief Coffey.

Had lengthy discussion regarding further negotiations with Dixon Water Co.

Commissioner Schuler wanted to know why there was nothing doing in the negotiations with the Dixon Water company, he expressed the desire just as the council was about to adjourn after an uneventful meeting last night, and thereby he introduced an element into the proceedings of the august city fathers which furnished material for a story.

Mr. Schuler expressed surprise that after starting the proposition the council should quietly lay down on the night after the water company submitted their famous offer to turn the plant over to the city on the payment of \$99,000 in cash and the assumption of the \$60,000 bonded indebtedness, and in the discussion following several matters which heretofore have been guarded as carefully as some of the other transactions pulled off in the "star chamber conferences" of the conference came to light, and incidentally Mayor Brinton committed himself as being opposed to the purchase of the plant.

Where's the Appraiser?

The landlord-commissioner asked the mayor what had been done toward getting an appraiser to fix a value on the plant, as had been decided at a meeting some months ago, and then the arguments started. The mayor reported that he had been unable to get anyone to do the work. Schuler wanted to know why the council had not been informed, and from that time on the discussion was merry and very interesting.

The mayor expressed himself as being opposed to the purchase of the plant. Commissioner Gannon said he was in favor of buying, if the city would raise the money if the price was right and that if the whole thing could not be purchased he was anxious that the city purchase a controlling interest in it. Commissioner Van Bibber seconded the proposition and Commissioner Schuler said "They've got to do something." Commissioner Schmidt was not present and accordingly it was decided to call a special meeting as soon as the injured gentleman was able to attend, at which meeting the waterworks will be the sole subject of consideration.

Interest On City Money.

Mayor Brinton presented letters from the cashiers of the three Dixon banks, in which each of the institutions offers to pay 3 per cent interest on the city money if deposited in their respective institutions. The matter was referred to Commissioner Schmidt, of accounts and finances, and he will have the power to act in placing the funds.

The bond of Fire Chief Thomas Coffey, signed by himself and Michael Blackburn, was presented and accepted, and the regular monthly bills amounting to \$2,003.35, were allowed.

Chicago, Jan. 3.—Fair and continued cool today and tomorrow; light, variable winds.

SOCIAL HAPPENINGS

BIRTHDAY HOROSCOPES.

JANUARY 1, 2, 3, 4, 5, 6.

Entertains at Tea.

Mrs. H. W. Martin of North Crawford avenue will entertain at tea this evening.

Phidian Art Club.

The Phidian Art club held its first meeting of the year at the home of Mrs. E. B. Owens and the decorations in green and red for the holidays were very artistic and beautiful.

Miss Lucile Morrison favored the club with two charming numbers: "Oh My Garden Full of Roses," by Robert Clark, and "Love's Echo," by Ernest Newton, which were very much appreciated. Miss Altman accompanied her.

Miss Agnes Raymond then gave some interesting extracts from "The Rosettis" by Elizabeth Luther Cary.

Dante Gabriel Rossetti, the noted artist and poet, descended from scholarly parents, his father being an Italian artist, writer and musician of no little note and his mother a brilliant woman of English birth whose family were noted for their bookish taste and aptitude in learning languages. He was the leader of the Pre-Raphaelites of England, a band of enthusiastic young men who had eager minds, interesting ideas to express and great determination to express them, but of course, these ideas were to be genuine and in the band's code. Each member was to be able to produce thoroughly good pictures and statues.

In this band were Millais, Ruskin, Holman Hunt, George Tupper, Wm. Rossetti and others. A few of Rossetti's paintings are The Girlhood of Mary Virgin; Joan of Arc; Dante's Dream, and The Blessed Damsel.

Rossetti has also written a beautiful poem, "The Blessed Damsel," which was very ably read by Mrs. James Sterling at the close of Miss Raymond's remarks.

Mrs. Z. W. Moss then read a very delightful paper on "The Beggar's Opera." Grand opera was first cradled in Italy, and until the 18th century England, Germany and France ac-

TO YOU

Is Living A Delight

As you feel it should be? Do you exist in the downs as well as the ups, as you have to meet them? Can you enjoy the losses along with the profits? If not you are steering to the breakers.

For all success is no better than all failure. Too much of anything is as bad as none at all. Extreme heat and extreme cold have much the same effect, barrenness. All work and no joy makes Jack a dull boy.

"Temperance in all things" says Paul. Anything may be good if used for the purpose intended. To know and to do temperately is the key to life, the way out from Disease to Health.

cepted it as given by her, but in 1728 John Gay, an Englishman, revolutionized the taste of the opera in producing this first musical comedy and for a century the Beggar's Opera did not lose its popularity. The music of the opera was taken from some of the old English ballads and from that time until this, England has been a ballad-loving nation.

Mrs. Moss told in a very interesting manner the story of the opera, and her paper was thoroughly enjoyable.

The hostess then served very dainty refreshments and the guests felt that they had spent a very pleasant afternoon with Mrs. Owens.

The KITCHEN CABINET

THE grandest of heroic deeds are those which are performed within four walls and in domestic privacy.

The old German inscription on a key, "If I rest, I rust" is as true of people as of iron.

AIDS FOR THE HOUSEWIFE.

When keeping bread warm to rise in winter, a slate stone made warm on which to set the pan will hasten the process.

Now that eggs are so scarce, an eggless cake will be welcome.

Eggless Fruitcake.—Take two cups of brown sugar, one cup of molasses, a pint of boiling coffee, a pound of fat salt pork chopped fine, a tablespoonful of soda, one teaspoonful of cloves, allspice, ginger and a pound of currants, a half pound of shredded orange peel, lemon and citron, and a half pound of chopped nut meats. Over this pour the hot coffee and molasses and soda. Add flour to make stiff. Bake slowly two hours.

When roasting meat, parboil a few small, juicy turnips until nearly tender, then lay them in with the meat, and baste occasionally until well done.

Never try to boil when using the oven, as opening the stove will cool the oven. Parboiling in a hot frying pan will do when the better way is not available.

A fine cake mixer when one is making enough to go to the boiler, is a small ice cream freezer can. Put in the ingredients and beat with the paddle by turning the crank.

German Mush.—Cook a ham or beef bone until the meat falls off. Salt the water and stir in oat meal, cook until well done, then turn out into greased pans to mold. Slice and fry.

To preserve brooms, dip them for three minutes in a pail of boiling soap suds every week. This cleanses them, makes them more tough and pliable and they will wear longer.

A delicious accompaniment to fried chicken is fried mush. Fry the mush before it gets cold. It will be crispier and sweeter than if it were molded before it is fried.

The KITCHEN CABINET

IT is not hardships that make men brave and women heroic. It is the ideas which they mix with their daily bread and butter. —Henderson.

A WORD TO THE COOK.

Do you have a well-defined plan for the meals of the day?

Do you try to balance the meals so that there is never an over-abundance of any one food principle, like starchy foods, meats or sweets?

Do you plan your menus in regard to the individuals served? For example, the office worker and the out-of-door worker need a quite different menu, as does the growing child and the invalid.

Do you plan when you are making a custard to prepare enough to make a salad dressing, too? This is easily done by leaving out the sugar and flavoring until the custard is cooked, then add sugar and flavoring and you have a custard to serve as a sauce or a floating island, and to the remainder add salt, mustard and pepper and you have a salad dressing, with but the preparation of one.

Do you study the principles of cookery and enjoy your work, realizing that it is a dignified work, or do you call yourself a drudge? "As a man thinketh in his heart, so is he."

When using cooking dishes if they are washed at once, not allowing them to stand, they will wash much easier and other work that follows will not be hindered.

Coffee is much improved, if not freshly ground, to put into the dry pot and shake over the fire until thoroughly hot.

When buying soap it is economy to get it in large quantities, as one gets more for the money, and soap that is stored and dried will last much longer.

It is a wonderful help in an emergency to have a few canned foods on hand, such as canned clams, to be made into a delicious chowder with a few minutes' work, or canned soups of different kinds are quickly prepared, and there is nothing more satisfying after a cold ride or for a late supper than a cup of steaming hot soup.

There is no bread, how well prepared, that tastes quite as good as home-made bread. To many housekeepers who are cook and housemaid, bread-making is a great burden, but with the advent of the bread-mixer, the disagreeable part of bread-making is eliminated. The bread is mixed at night, when the man of the house might turn the mixer for exercise, and in the morning it is all ready to mix again, and then rise in the loaves. If for no other reason than cleanliness, the bread-mixer pays for itself.

DIXON OPERA HOUSE.

Miss Flora DeVoss and her popular company of players will start an eight night engagement at the Dixon opera house Sunday evening, Jan. 7. The press is assured one of the strongest popular priced attractions that ever visited Dixon. All special scenery is carried by the company to properly stage and mount all plays. High class vaudeville is introduced between the acts to make each performance a continuous one. Twelve acting people and a correct cast of popular players is announced. Opening play the very latest comedy drama in four acts, "Two Thieves."

DIXON OPERA HOUSE.

Mr. Starin begs to announce his good fortune in procuring for the amusement of his patrons the play of rare beauty and completeness of production, "The White Sister," carrying a 60-foot car of machinery and effects and playing but three one-night stands during a 40-weeks' engagement. Dixon gets one of them. The success of this play has been phenomenal. It is predicted that it will be one of the most notable attractions in the theatrical history of our city. The date is Jan. 18.

1913 CALENDARS.

Our sample line of 1913 calendars from Robert Chapman company has arrived and those who intend buying are wise to buy early, for it insures you the pick of a beautiful assortment of business, advertising and 'at calendars' such as have never been handled in Dixon before. DEMENTTOWN

Oh, girls. How about all of us poor ginks who haven't received an invitation to that party tonight? This is surely a cold and dreary world.

There has been a great deal of speculation as to the meaning of the word Schraughan. The young ladies have let us in on the secret but have exacted a very binding promise that the information be not forthcoming until after tonight's party, otherwise they fear they might have to change the name. The good guessers will be able to do it from this:

Schraughan—Unl-v-d.
Mayor Brinton is happy, however. He has received an invitation to the dance, after living in constant fear for over a week that the fact that his wife was in the south was not known to the young ladies.

Of course you are not expected to write it correctly the first time. Practice a few times. This applies both to the name of the club of those charming young ladies, and also to the date.

"Another term will enable the entire social party of Milwaukee to get on the payroll," says the Journal of that city. Why not? Wouldn't that be entirely consistent with the socialistic doctrine of "divide up?"

An eastern millionaire says he can make a large number of men rich if he can find the right men. We're here Mr. Moneybags. Why look further? Having raised the Maine, the next question is: What shall we do with it.

Want to Be Happy? Then—

Live a long distance from your wife's relatives.

Don't attempt to eat an orange without first donning your rubber coat.

Take plenty of exercise, including the shoveling of coal into the furnace.

Have three aces before you open a jackpot.

Give your wife a stipulated sum each week, even if it is as high as 75 cents.

Marry a widow with eight or nine grown sons, all of whom have good jobs and no desire to get married.

Isn't This a Funny World?

A woman never keeps a pen that anyone else can write with. Isn't it queer.

And the same woman will work two or three hours doing up and putting on her hair so it looks almost—

\$500,000 FIRE AT STOCKYARDS

Blaze Starts in Swift & Co.'s
Warehouse—Walls Fall
With Crash.

COLD HANDICAPS FIREMEN

Fire Fighters Covered From Head to
Foot With Icicles—Water Freezes
Almost As Soon as
It Falls.

Chicago, Jan. 3.—Thirty-five fire engines and four truck companies, together with half a dozen police ambulances and patrol wagons, were ordered to a fire in the heart of the Union Stockyards, at Exchange avenue and Ada street.

Chief Seyferlich and Assistant Chief O'Connor arrived in automobiles and personally directed the fight on the flames.

The loss was reported to have reached \$500,000 and the fire is not yet fully under control. The whole stockyards district is said to be threatened.

The flames had spread to the temporary coopers plant standing next to the warehouse. Firemen of engine companies No. 59, 53 and 50 were on top of this building at the time and were driven down their ladders by a wave of flame which seemed to sweep over the whole building. At the same time the south wall of the warehouse fell with a great crash, flinging a cloud of cinders into the air. Chief Seyferlich began to receive reports that the water pressure was running low. A number of engines were made useless.

Starts in Swift's Warehouse.

The fire started in warehouse No. 3, a five-story brick building, 200 feet wide by 300 feet long, owned by Swift & Co. The flames appeared to have had their origin in the center of the building, and when the first of the fire companies arrived it was found that, although smoke was pouring in great volume from the roof, the flames themselves could not be reached except by breaking down a number of doors.

Earlier there had been a somewhat similar fire in warehouse No. 29, also owned by Swift & Co. This is located at Forty-second and Laflin streets. The blaze there was quickly extinguished.

Firemen Handicapped by Cold.

There was no lack of water pressure, but the firemen were handicapped by the cold. Water froze almost as soon as it fell and within five minutes after they had gone into action the firemen at the nozzles were covered from head to foot with icicles. There was a constant danger that the walls of the building would be blown out by the heating and expanding of the air confined in cold storage rooms.

BRIBERY CHARGE MADE

Warden at Atlanta Penitentiary Accuses Morse.

Says Ex-Banker Offered Him Half of
Receipts From \$2,000 Gas
Stock Deal.

Atlanta, Ga., Jan. 3.—Warden W. M. Moyer of the federal penitentiary at Atlanta, made a formal statement declaring that Charles W. Morse, the convicted New York banker, had offered him what he construed to be a bribe shortly after Morse became a prisoner in the institution.

He said he refused it and so notified Attorney General Wickersham.

Moyer's statement was a sequel to the publication in a local paper that a congressional investigation of Morse's alleged bad treatment in the prison probably would be made.

Warden Moyer said he had given Morse permission March 11, 1910, to send a cipher telegram to purchase some gas stock and that, subsequently, Morse had come into his office and said: "Warden, I made \$2,000 on that deal and I want you to have half of it." The warden said he told Morse to forget he ever said anything like that and never to say such a thing again. He said he advised Attorney General Wickersham that he had permitted Morse to send the telegram.

FIRE MENACES 1,100 INSANE

Flames Break Out in London, Ont.,
Asylum; Patients Removed.

London, Ont., Jan. 3.—A fire started here in the asylum in this city, the largest in Ontario province, containing 1,100 inmates. The firemen were successful, however, in confining the blaze to the amusement hall, where it originated, the loss being estimated at about \$75,000. All the patients were safely removed.

Gives \$51,000 to School.

Champaign, Ill., Jan. 3.—Congressman William B. McKinley has tendered the Champaign board of education \$50,000 for a site for athletic grounds, with \$1,000 to be used for equipment. The gift was accepted and a model high school athletic field will be built.

LARDER FOR NATION

Was "Little Back Room" in
Chicago Office Building.

Henry Veeder, "Old Pool" Secretary,
Tells How Country's Rations
Were Doled Out by Him.

Chicago, Jan. 3.—How, from a little back room on the sixth floor of the Counselman building, the country's rations of meat were doled out each week, the supply for markets where prices were lowering was diminished until the selling price of meat rose again, and diverted to other markets where top prices could be obtained, was described in graphic detail here in Judge Carpenter's court by Henry Veeder, attorney for the packers and secretary of the so-called "old pool."

It is the contention of the government that a similarly effective control of the distribution of the country's meat supply has been exercised by the indicted packers up to the present time, although the means they have used may have changed.

Fines Levied for Violations.

For violation of the orders issued by Henry Veeder as to the amount to be shipped by each packing-house during the week, heavy fines were levied and collected weekly, the witness said. For every hundred pounds of beef in excess of his allotment shipped by any packer the offender was charged 40 cents, he said, which more than wiped out his profits on the excess.

Any packer who shipped less than the amount permitted him during any week was rewarded at the rate of 40 cents a hundred pounds for his deficit, was the testimony. To prevent any packer's closing down and merely taking in the payments from the pool, which would have more than equaled his profits, a limit of about 25 per cent. of his total allotment was set as the amount on which any packer would be paid for cutting down his shipments into a given territory, the witness testified.

TARIFF WAR POSSIBLE

Between United States and
Countries of Europe.

Government Charged With Violation
of Trade Agreement—Believe That
Retaliation Will Follow.

Washington, Jan. 3.—A tariff war between the United States and Europe is practically assured. A final ruling by Secretary of the Treasury MacVeagh denied to other nations the right of free entry of wood pulp, print paper, and paper board—a privilege now enjoyed by Canada alone.

Inasmuch as Germany has already directly charged this government with violation of the trade agreement, and Norway, Sweden, Austria and Denmark have made formal complaint to the state department, it is considered certain that retaliation will result.

As the first step in this direction, Germany has announced that it will be unable to carry out its original intention of offering to the United States the advantageous rates given to Sweden and Japan in recent treaties.

Secretary MacVeagh's ruling insists that refusal to extend the right of free entry to the wood pulp and print paper of other nations provides the only means of having the issues subjected to judicial determination, as the importers who feel aggrieved by the order may carry their protests to the court of customs appeals.

16 HURT IN TRAIN WRECK

Day Coach and Sleeper Overturned in
Accident Near Bemidji, Minn.

Bemidji, Minn., Jan. 3.—Passenger train No. 54, south-bound on the Minnesota & International railway, en route from International Falls to Minneapolis, was wrecked at Farley, about seventeen miles north of here. The day coach and sleeper left the track and turned over on their sides. Sixteen people were injured. Failure to close a switch is said to have caused the derailment.

Taft Frees Life Convicts

British Subjects, Sentenced for Murder, Are Granted Clemency.

Washington, Jan. 3.—President Taft commuted to expire at once the life sentences of Arthur Adams and Robert Sawyer, two negro British subjects, convicted at Wilmington, N. C., in 1906 of murder on the high seas. In a confession before his execution Henry Scott, another negro, hanged for the same crime, exonerated Adams and Sawyer.

Woman Travels as a Man.

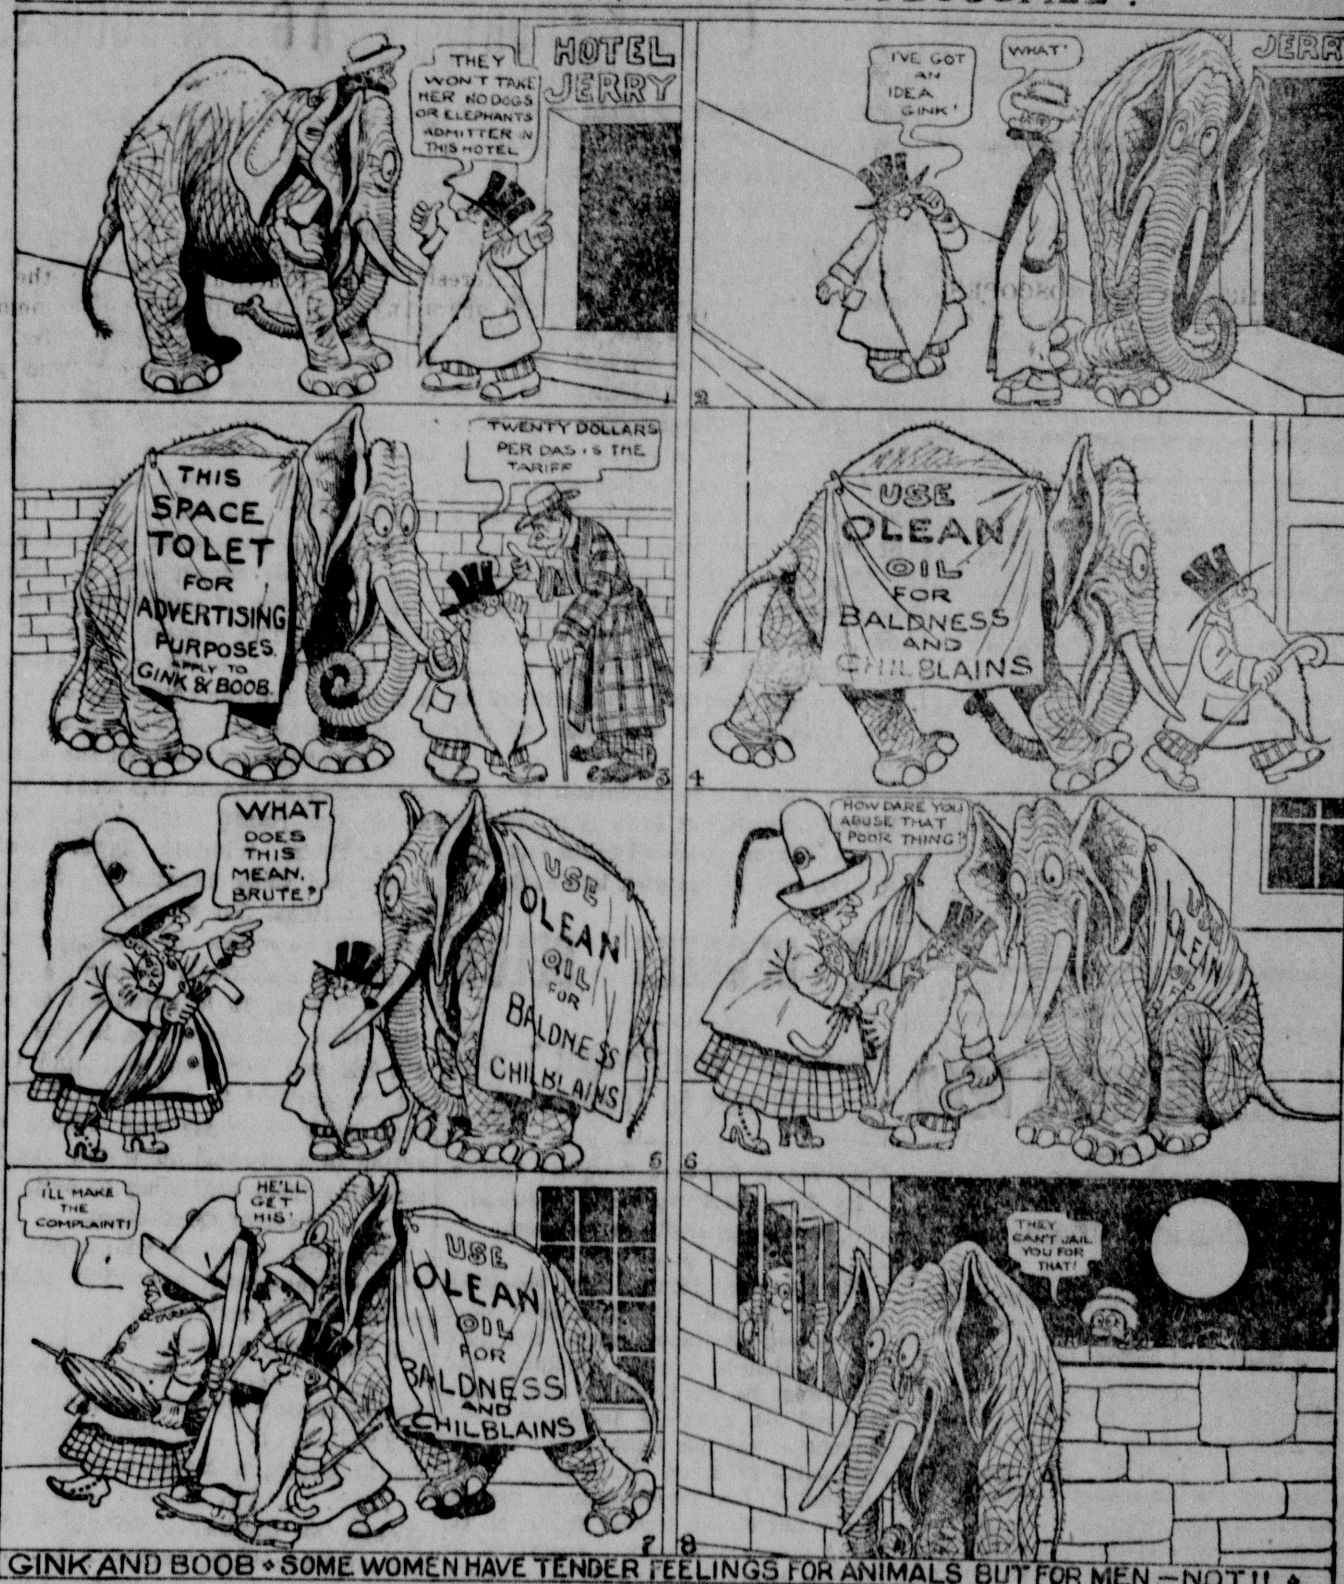

Lafayette, Ind., Jan. 3.—With both feet frozen and almost famished, Mrs. Clara Sommers, a young woman of Pittsburg, Kan., in male attire and accompanied by her husband, Enoch Sommers, was taken in charge by the police here. They were "beating" their way home on freight trains.

The first release of Union prisoners of war held by the Confederates in Richmond was effected on James river. The captives numbered 240 and were chiefly those taken at Bull Run, July 21, 1861. This was the beginning of regular exchanges, although army commanders had sometimes made exchanges on their own responsibility at the close of a battle, especially of wounded men.

ALFRED DICKENS DEAD

Son of Famous English Author
Dies in Gotham.Fatality Caused From Heart Failure—
In America on Lecture Tour—
Born in London in 1845.

New York, Jan. 3.—Alfred Tennyson Dickens, son of the famous English author, Charles Dickens, and grandson of the late poet laureate, Alfred Tennyson, who arrived in this country from Australia last October for a lecture tour, died suddenly here at his apartments in the Hotel Astor.

Overcome by weakness while seated in the hotel smoking room, Mr. Dickens was escorted to his rooms by William G. Glass, manager of his lecture tour. Doctor Burt, the house physician, quickly reached his side, but he succumbed before the physician completed his diagnosis of the attack. Afterward the doctor said death resulted from heart failure, superinduced by acute indigestion.

Dickens has spent very little of his time in England, although he visited his sister there occasionally. In 1865 he repaired to Australia and "entered the bush" as he always expressed it. He lived the life of the frontiersman in that island colony until 1873, when he was married, and at the request of his bride, gave up the harsher life for the more pleasant life of Melbourne. He was born at Devonshire House, London, England, October 23, 1845.

BUSY DAY IN
COUNTY COURTTWO JURIES AT WORK, ONE ON
ANDERSON CASE AND ONE
ON DRAINAGE CASE.

The jury in the case of appointing a conservator for Ole Anderson of Lee, which trial was taken up in the county court yesterday, retired at 1:15 this afternoon and at 3 o'clock had not reached a verdict. Immediately after the withdrawal of the jury in the Anderson case the Inlet Swamp drainage case was taken up and it is thought the hearing of this big case will occupy at least 6 weeks of the court's time.

The court house, as a result of the two hearings, was especially busy today, with two juries busy in the county court, the grand jury in session and several hundred land owners in the Inlet Swamp drainage district present.

The jury in the Anderson case returned a verdict at 3:20 p. m. finding Mr. Anderson of sound mind and able to take care of his own business.

32 DEGREES BELOW

Freeze to Tracks.Cold Wave Reaches Greatest Intensity
Over Northwest and Railroad
Work Generally Is Delayed.

Minneapolis, Minn., Jan. 3.—With the government thermometer here registering 19 below zero, the cold wave which has been holding the northwest in its grip for three days reached its greatest intensity. Numerous street gas lights were frozen.

Reports received here show that unusually low temperatures prevail in the northwest, Grand Forks, N. D., being the coldest with a record of 32 degrees below. It was 28 degrees below at Moorhead, Minn., Devils Lake, N. D., and Winnipeg, Canada.

Superior, Wis., Jan. 3.—The thermometer registers 24 below zero here.

Green Bay, Wis., Jan. 3.—The coldest weather of the winter was registered here when the thermometer dropped to 12 degrees below zero. At Depere the mercury went to 10 below.

Missoula, Mont., Jan. 3.—A blizzard is sweeping western Montana from the northeast. Snow is falling rapidly and is drifting before a strong wind. The mercury fell 20 degrees in five hours at Biosburg and extreme cold is reported at Garrison.

Kansas City, Mo., Jan. 3.—In central western Kansas more snow fell today, delaying train service on the Scott City branch line of the Atchison, Topeka & Santa Fe. Hundreds of jack rabbits were driven into Dighton by lack of food.

La Crosse, Wis., Jan. 3.—The cold snap here practically demoralized work in the railway yards. Freight and passenger trains, as soon as stopped, froze to the rails and it was found in almost every case that four locomotives were necessary to start them.

DYNAMITE INQUIRY ON

U. S. Grand Jury at Indianapolis Preparing to Have Session.

Indianapolis, Ind., Jan. 3.—In preparation for the meeting of the United States grand jury, to resume the investigation of the dynamite conspiracy, there was much activity around the office of United States Attorney Charles W. WORK SHOWED REAL
MERIT.

A home talent play of more than ordinary merit was presented by the pupils of the Dixon high school at the opera house last night, and an audience which filled the theatre to capacity enjoyed the efforts of the young people, encouraged them with their applause and went away surprised at the histrionic ability shown by the embryo actors.

The play, "Across the Rio Grande" was really as advertised, an elaborate production of a picturesque western drama. The scenery required in the production, much of it special, was fitting and the costumes were also in keeping with the spirit of the play. But the real merit of the entire performance was in the ease with which the young people took their parts, their freedom from stage fright and their unusual freedom in their actions. To attempt to single out any one or few for especial praise would be manifestly unfair to the many others. It is sufficient to say that each and every one in the cast did his and her part well, and that all are entitled to a feeling of pride that their interests and efforts resulted in a production which was interesting from beginning to end.

Cast of Characters.

The young people who made the play so successful and their assignments in the cast were:

Val Brandon, a gambler John Batchelder
Lieut. Burton Shackelford, a ranger Harry Seekman
Tonio Lopez, a Mexican renegade Joe Clark
Owaga, an Indian Donald Wirick
Gideon Barnett, a ranchman Ralph Tetric
Dave Barnett, his son Harold Drew
Julia Barnett, his daughter Miss Anna Jensen
Paquita, a Spanish girl Miss Avis Thomson
Mrs. Doppelbinger, just German Miss Jennie Bloomdahl
Cigarette, a Spanish dancer Miss Grace Franklin
Manuel, a musician Irving Countryman
Ticket Sellers John Burridge, Joseph Eichler
Ticket Taker Norman Eichenberg
Americans—Ray Fitzsimmons, Carl Hasselberg, Paul Byers, Miss Harriet Stoner, Miss Esther Young, Miss Dorothy Brader.

Mexicans—Wm. Loftus, Joseph Keenan, Dement Schuler, Donald Barry, Miss Mary McGinnis, Miss Florence Weurth.

Cowboys—Warren Lally, Hollis Drew, Fernando Coakley, Horace Orr.

Cowgirls—Miss Mildred Haley, Miss Gertrude Purttomon, Miss Mildred Knight.

Rangers—Harold Wooyatt, Louis Fein, Urban O'Malley, Lloyd Scrivens.

Indians—Maurice Blackburn, Miss Josephine Nichols, Miss Frances Morrey.

Miss Thompson Wins Desk.

Between the third and last acts of the performance the voting contest for the mission desk and chair was concluded and a very pretty and close race was waged between Miss Avis Thompson and Miss Anna Jensen. The friends of each of the young ladies rallied nobly to their support. Miss Thompson finally being returned the winner by a very narrow margin.

READING TELEGRAPH HIS
DAILY PLEASURE

E. A. Elgin writes from Chicago: "Enclosed find money order for one year's subscription to the Evening Telegraph. Please continue forwarding same to the above address, as reading the Telegraph is one of my daily pleasures which I do not care to miss. Hoping that the coming year will be a prosperous one for Dixon and that the electric lighting company's service will not be affected by any more slush ice (being in the electric light and power business I have been very much interested in this class of news), I am, very truly yours,

E. A. ELGIN."

WILL MAKE THEIR HOME
IN BLOOMINGTON

Mr. and Mrs. John Brockville Martin left on the afternoon train for Bloomington, which place will hereafter be their home. Mrs. Martin was formerly Miss Elizabeth Barge, the daughter of the late William Abbe, one of the leading attorneys of Illinois of the past generation. She has lived in Dixon all her life and has scores of friends who greatly regret her departure.

CONGRESS ONCE
MORE IN SESSIONLegislators Resume Sitting After
Christmas Vacation—
Face Much Hard Work.

MAY LAST FAR INTO SUMMER

Iron and Steel Schedules to Have
First Call—Appropriations to Receive
Close Attention—Senate
Waits on House.

Washington, Jan. 3.—Congress reconvened today from its holiday recess, and faces a strenuous session. The session may run well into the summer, without halt, even for the presidential nomination conventions.

With the Russian treaty abrogated, the pension bill and urgent deficiency appropriations out of the way in the house, tariff legislation is expected as soon as the ways and means committee can send out the revised schedules. The iron and steel schedule probable will come first and is expected within ten days. Tariff legislation, however, is by no means all that is on the legislative program, for heads of many important committees are certain to exert pressure for the consideration of many important bills.

To Press Anti-Trust War.

Anti-trust, labor legislation and revision of the statutes relating to injunctions are to be pressed by the judiciary committee. Panama canal legislation is to be urged by the committee on interstate and foreign commerce, members of which have just returned from a three weeks' inspection of the canal zone. The rules committee has under consideration important matters, including proposed investigations of the "money trust," the shipping combine and the so-called harvester trust. This committee contemplates recommending the appointment of a joint committee to conduct a broad inquiry into all three subjects.

Investigation into the United States Steel corporation and the sugar situation will be resumed next week, the probability being that neither of these special committees will report for some time. Each is expected to recommend important legislation. The committee on foreign affairs will press legislation affecting treaties with foreign nations, and the committees on expenditures in the various departments of the government, which began investigations during the extra session, are planning to renew work with vigor for the purpose of recommending economies in administration.

Will Slash Appropriations.

Many other matters are to be considered, among the most important being the appropriations, which the Democrats have in their control for the first time in 16 years. The curtailment of many appropriations is looked for.

Representative Underwood, chairman of the ways and means committee, has expressed the hope that congress can complete its work in June in time for the national conventions, but there are many who seriously doubt it.

The tariff program probably will be considered in a caucus of the house Democrats before many weeks. The wool bill has been postponed for a time until the full report of the tariff board can be digested. Meanwhile, the iron and steel, chemical and sugar schedules are to be considered by the committee. Food schedules will be taken up later.

Senate Waits on House.

There is little before the senate just now, the upper body having to await initiative action by the house. The Sherwood pension bill, passed by the house, will come up for the senate's consideration first, in all probability. The bill providing for direct election of United States senators, passed in the house last summer, still is in conference. The conferees are to meet within a few days, but thus far no agreement has been reached.

GREAT GRANDMOTHER AT 47

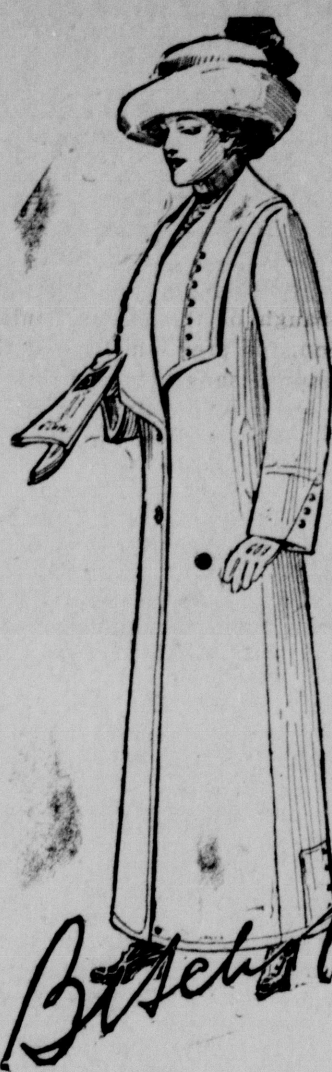

Denver Woman Has Record-Breaking
Distinction.

Denver, Colo., Jan. 3.—Early marriage seems to run in the feminine ancestry and progeny of Mrs. Hazel Conklin of this city, who at the age of forty-seven years finds herself a great-grandmother. The fourth generation of the family of which she is the maternal head was born to her granddaughter, Mrs. Lydia Rauch here. Mrs. Conklin was married at Memphis, Tenn., when fourteen years old.

Sugar Trust Trial Put Off.

New York, Jan. 3.—Because of the vacancy on the bench of the United States circuit court the trial of Washington B. Thomas, president of the American Sugar Refining company, other officers and directors of the company, and Thomas B. Harned, a Philadelphia lawyer, was put over until March 4.

The Telegraph is the oldest (established in 1851, and the largest, a 7-column) paper published in Lee county. Delivered in the city by carrier for 10 cents a week; by mail to any address in the United States for \$3 a year.

WRESTLING MATCH
ON BOARDS TONIGHTTED TONNEMAN AND JESSE SLAY
MAKER AT THE OPERA
HOUSE.

Many fans will be on hand this evening to witness the mill between Ted Tonneman and Jesse Slaymaker at the Dixon opera house this evening.

There will be good preliminaries. The one between Oleson of Dixon, and Hurley of Albany will be above the ordinary and will be a special attraction.

It is reported that there will be many ladies at the match this evening and Manager Stephan has reserved a section of the opera house for them and their escorts.

Miss Anna Morgan, daughter of J. Pierpont Morgan, and the woman members of the New York and New Jersey branches of the National Civic Federation, in a determination to study politics, have arranged for a series of lectures on "How Uncle Sam Does Business." It is said that practically all of President Taft's cabinet officers have agreed to speak for them.

NO PLEDGE FROM OHIO INSURGENTS

Decline to Indorse La Follette as Candidate for Presidential Nomination.

DEFEAT OF TAFT IS DEMANDED

Garfield and Pinchot Leaders in Fight Against Naming Any Candidate—Senator Works Wants Roosevelt to Declare Himself.

Columbus, Ohio, Jan. 2.—Progressive Republicans of Ohio have formed a permanent organization and adopted a declaration of progressive principles, but voted 52 to 32 not to give their indorsement to Robert M. La Follette as a candidate for the presidential nomination.

After refusing the indorsement of the league, the delegates voted, 81 to 11, in favor of a resolution, as a personal expression of the delegates, naming Senator La Follette as "the living embodiment of the principles of the progressive movement, and the logical candidate to carry them to successful fruition."

The vote came after a three-hour debate on the floor of the convention, and was on the adoption of an amendment to the report of the resolutions committee, which had been unanimously in favor of not naming a candidate.

Pinchot Wins in Argument. Gifford Pinchot, who declared that he spoke only for himself and in no way for Theodore Roosevelt, and former Secretary of the Interior Garfield were the leaders in the debate against giving any candidate an indorsement. Senator Works of California and later Senator Clapp of Minnesota were vigorous in saying that the Ohio progressives concentrate their efforts in working for the election of La Follette.

Walter F. Brown, chairman of the Republican state central committee, who was read out of the Progressives by Chairman Fackler of the Progressive league for his proposed presidential preference plan, held a conference with Pinchot, Houser and Fackler and worked with them on the resolution which finally was adopted.

Text of Resolution Passed.

The resolution read as follows: "We are opposed to the renomination of President Taft. We hereby declare it to be the determined purpose of the Ohio Progressive Republican league to work in harmony and unison to nominate a Progressive Republican for president, recognizing as fellow Progressives all who hold the principles for which we stand, whether they be for the presidential nomination of Robert M. La Follette or Theodore Roosevelt or any other Progressive Republican."

"We assert the essential unity of the Progressive movement throughout the entire state and nation."

"We favor the election of delegates who will favor the nomination of a candidate who will fully represent the progressive principle."

Declaration of Principles.
A declaration of principles adopted unanimously was substantially the one prepared by a committee appointed at a meeting of Progressives of the western reserve. On the question of national policies, it followed the line of the platform adopted by the Progressive conference in Chicago.

It declared for a substantial and equitable revision of the tariff, schedule by schedule, "preserving the protective tariff principle, the measure of which shall be the difference in wages and raw material at home and abroad."

To this end a non-partisan tariff board with full power to compel testimony and to report to congress was advocated.

A revision of the Sherman law was suggested in the second paragraph.

Other planks of the platform declared for popular election of United States senators, the Pinchot-Roosevelt conservation policy, a national income tax graduated upward, and the abolition of needless public positions.

During the debate Senator Works demanded that Roosevelt declare himself.

HOLDS ROSE TOURNAMENT

Pasadena Crowds See Flower-Decked Parade in Streets.

Pasadena, Cal., Jan. 2.—Pasadena's twenty-third annual tournament of roses was reviewed by throngs, which lined the streets for miles. Calbraith P. Rodgers, who crossed the continent in an aeroplane, headed the procession in the machine in which he made his famous trip.

Eloping Pair Pay Fines.

Logansport, Ind., Jan. 2.—Salvatore Pezalla and Mrs. Theresa Statti, who eloped from Pittsburg two weeks ago, were fined here. Efforts had been made by the girl's husband in Pittsburg to secure the prosecution of Pezalla by federal authorities under the Mann law, but this was ended in a reconciliation between the Statts.

RIVERS WHIPS CONLEY

Reduced to Utter Helplessness in Eleventh Round.

Blow From Mexican Almost Knocks Antagonist From Ring—Referee Does Not Count Seconds.

Los Angeles, Cal., Jan. 2.—Frankie Conley was knocked out and beaten into a state of utter helplessness by Joe Rivers, the Mexican, in the eleventh round of the battle in the Vernon arena of the Pacific Athletic club.

As a climax to ten rounds of the most terrific punishment Rivers beat Conley to the ropes on the south side of the ring in the eleventh and with a shower of full strength rights and lefts, to the weakened and dazed Conley's jaw, sent Frankie half over the top rope, the latter gripping his conqueror in a clinch as he beat far backward. Referee Eytton separated the men, Rivers stepping back while Conley remained against the ropes.

Like a flash Rivers jumped toward the helpless Conley with another fusillade of blows. One of these was an awful right drive on the chin and with its delivery every ounce of fight was beaten out of Conley's body and every bit of understanding knocked from his brain. The force of the blow turned Conley clear around and he would have fallen out of the ring on his face, but for the rope, which caught him about the stomach and held him like a swaying garment pinned to a clothesline. Without wasting the time required to count off the usual ten seconds, Eytton motioned Rivers back and following the Mexican to the center of the ring, hoisted his right hand in token of victory. Conley recovered quickly and was among the first to congratulate the winner.

DISMISS CENSUS EMPLOYEES

Over 1,000 May Lose Jobs From Lack of Funds.

Washington, Jan. 2.—About 1,000 census bureau employees are expected to receive notices of dismissal before the end of January as the result of the refusal of the house of representatives to sanction the \$1,000,000 appropriation asked by Director Durand for the maintenance of the bureau. Mr. Durand was noncommittal as to the exact date of the dismissals, but admitted that such action was contemplated.

GOMPERS INSULTS AMERICAN FLAG

Photos Show Labor Leader Trampling on "Old Glory," Says Paper.

OTHERS IN SAME POSITION

Incident Alleged to Have Taken Place During a Union Meeting at Which Federation President Was Making an Address.

New York, Jan. 2.—The New York Times publishes a sensational dispatch from Washington in which it is reported that the war department has come into possession of evidence of the most flagrant outrage on the part of labor leaders on the Pacific coast in defiance of the government and the army and involving insult to the American flag.

Gompers Accused Direct.

"The most direct evidence appears in photographs received by Major General Wood, chief of staff of the army, and by Major General Ainsworth, adjutant general of the army," the article says. "These photographs show Samuel Gompers, president of the American Federation of Labor, standing on the American flag at a meeting of laboring men which he was addressing. Another photograph is that of John A. Kelly, president of the Building Trades council of San Francisco, also standing on the flag and making a speech at a labor meeting."

"This occurrence was at Oakland, according to official reports."

"The case of Gompers and Kelly standing on the flag at Oakland at a meeting in September, where both addressed laboring men and denounced the governments and courts, was so aggravating that the Army and Navy Register, which is a semi-official gazette of the military service, publishes this week the photographs and the following article:

Ridicules United States Army.

"It has been known for some time," the Register says, "that enemies of the army were conducting a campaign by means of street harangues and defamatory posters, with a view of prejudicing public sentiment against the army and discouraging enlistment. The attacks on the army do not appear to be confined to that locality (the west) by any means. Recruiting officers in places in the middle west and in the eastern section are continually embarrassed by attacks which are made upon them and by the obstructions which are placed in their way."

SCHWAB 'RINGS IN'

Head of Bethlehem Steel Works Starts New Regime.

All Officials and Other Employees Must "Ring His Number," Including President Himself.

South Bethlehem, Pa., Jan. 2.—No more will the high officials and salaried clerks of the Bethlehem Steel works come and go at will. Determined to put a stop to the late arrival and early departure from work of his hundreds of office employees, Charles W. Schwab, president of the company, has installed time clocks in all departments.

Hereafter every official or other employee will be obliged to "ring his number" registering the time of his arrival and departure. Mr. Schwab has assigned a number to himself.

2 DIE IN MILK PLANT FIRE

One Killed in Effort to Save His Companion.

New York, Jan. 2.—Two lives were lost and \$100,000 damage done in a fire which destroyed the big milk depot of the Mutual Milk & Cream company, 214 to 224 East Twenty-second street, here. The two victims were can washers and were known to their employers and assistants only as "Tony" and "Joe." "Joe" is said to have lost his life in an effort to save his companion.

Poor Children Get Annual Treat.

Bloomington, Ill., Jan. 2.—Hundreds of poor children were treated here to an annual New Year's dinner, for which provision was made in his will by John Galtmeyer, wealthy resident of this city. FORESEES LONG FIGHT

Harriman Will Make Strenuous Efforts for Clients.

Says Indicted Labor Leaders Have No Confessions to Make—Will Plead Not Guilty.

Los Angeles, Cal., Jan. 2.—"This will be a fight to a finish. I want all workingmen to know that," declared Attorney Job Harriman, counsel for Twelvetree, Johannsen and Munsey, the indicted labor leaders here.

The statement was made when Harriman's attention was called to a declaration by federal officials that they expected the dynamite conspiracy case to end as did the trial of James B. McNamara.

"There are no confessions to be made this time," said Harriman. Anton Johannsen, one of the leaders who was reported to have gone to San Francisco to confer with his colleagues of the building trades and other labor councils, is still in the city.

According to the plans of the defendants, they will go into Judge Olin Wellborn's court and plead not guilty to the indictment charging them with conspiracy to transport dynamite in violation of the interstate commerce laws.

15 INJURED IN WRECK

Wabash Train Leaves Track at St. Peters, Mo.

Depot Reduced to Ashes After Car Crashes Into It—Three Coaches Burned.

St. Louis, Jan. 2.—Fifteen persons were injured in a Wabash railroad wreck at St. Peters, Mo., twelve miles west of St. Charles, late last night, when the Kansas City-Omaha fast passenger train left the track in front of the depot. One of the cars crashed through the depot, setting it afire. The depot, valued at \$3,000, was burned, as were three of the passenger cars.

The train was made up of eight cars. Three were sleepers, one bound for Kansas City, one for Omaha and one for Des Moines. The other cars were two chair cars, one smoker for Kansas City, one mail car and one express. All cars left the rails except the two sleepers. Spreading rails caused the wreck. The injured reached St. Louis this morning.

CHICAGO'S WOLF IS DEAD

Fierce Visitor From North Woods Caught in Trap and Shot.

Chicago, Jan. 2.—Fighting furiously to the death, the gray timber wolf discovered here in a lumber yard on the south side was killed after being caught in a steel trap.

Six bullets were fired into its lean, powerful body, and even then the fierce visitor from the north woods tried to spring at the throat of Louis Feinberg, the night watchman who first saw it and who had the honor of killing it.

GIRL SCREAMS IN FRIGHT

Finds Revolver Left in Seat at Moving Picture Show.

Denver, Colo., Jan. 2.—Considerable excitement prevailed in a downtown moving picture show here when a young woman found herself sitting on a revolver. When she picked up the firearm and realized that she was holding a weapon capable of killing six people, she uttered a scream that startled the audience. Then she dropped the weapon to the floor. Fortunately it was not discharged.

MARATHON RACE IN SNOW

Omaha Y. M. C. A. Athletes Make Run in Frigid Temperature.

Omaha, Neb., Jan. 2.—With the temperature ten degrees below zero and in two feet of snow, twenty athletes from the Omaha Y. M. C. A. here ran a marathon race of 3 1/2 miles in 21 minutes 20 seconds, Dennis Ryan winning. The race was run over a boulevard course where the snow had been tramped down. Twenty-two men started and twenty finished.

Justices Salaries Raised.

Washington, Jan. 2.—This is the glad New Year for the members of the Supreme court of the United States. The justices get increased pay. 1,000 Escape Church Fire.

Hot Springs, Ark., Jan. 2.—One thousand persons escaped with difficulty from the First Presbyterian church of this city when the church was destroyed by fire.

GOMPERS DENIES INSULTING FLAG

"Nailed the Lie" When First Called to His Attention, He Says.

SEES PLOT TO INJURE HIM

"I Would as Lief Insult the Memory of My Revered Mother as the Flag of My Country," Says Labor Leader.

Washington, Jan. 3.—Denying with all the emphasis at his command that he had stood on an American flag while delivering an address at the Labor day celebration at Oakland, Cal., President Gompers of the Federation of Labor declared: "I would as lief insult the memory of my revered mother as the flag of my country."

Gompers also asserted that he had every reason to believe that the picture purporting to show that he stood upon the flag was "built up" and was a "fake."

This picture is now in the hands of the war department. It was forwarded to Judge Advocate General Ainsworth in a protest against alleged insults offered the flag by labor leaders.

Recalls Oakland Meeting.

"My recollection of the meeting at Shellwood Park, Oakland," Gompers said, "was that it was a park for athletics. A temporary stand was erected, the speakers facing the grand stand. The crowd was so great that many of them overflowed and stood on the temporary stand, so that the speakers could not be seen."

"There was a speaker's table on this stand. Festooned around it was an American flag. No part of it, except possibly an inch, was overlapping the table top, and this was simply for the purpose of holding it in position."

"When the meeting was called to order the disadvantageous position of the speakers was observed and the speakers were called upon to stand on the table so that they could be seen. We stood on the table. None of us stood on the flag."

Called to His Attention Before.

"This is not the first time that this affair has been brought to my attention. In a letter dated Oct. 24 Mr. T. Thomas of the G. A. R. of Los Angeles informed me that the Los Angeles Times had printed a picture which purported to show me standing on the American flag."

"I answered Thomas by telegraph, as I have stated. I have here a letter from Thomas in which he says that he submitted the pictures to photographers, and they told him that the pictures were the rankest kind of fakes."

"I do not know certainly that these pictures were faked," said Gompers, "but I do say that it is a physical impossibility for footprints to have been produced on this flag in the manner that the maker of the picture has attempted to indicate."

LABOR LEADER IS JAILED

Grand Jury at Muscatine (Iowa) Indict Socialist Alderman Wilson.

Muscatine, Ia., Jan. 3.—O. C. Wilson, a labor leader who was concerned in a strike of button-makers here, has been arrested as a result of an indictment returned by the grand jury. Wilson is indicted jointly with William Murphy, William Beale, button workers, and Thomas Hopkinson, recently convicted of the murder of Policeman Gerischer, on the charge of throwing acid bombs into the homes of three nonunion men and also into the McKee & Bliven button factory.

BAD LOANS RUIN BANK

Cashier of Albion, Mich., Institution "Tailed" Losing Enterprise.

Battle Creek, Mich., Jan. 3.—Because the National Bank of Albion "tailed" a small industry in which its cashier, H. M. Dearing, chanced to be president, the institution did not open its doors this morning. Federal Examiner Herbert Johnson, investigating the books of the bank, found that bad loans had placed it in a condition hazardous to the depositors, whose savings amounted to \$115,000.

WILL MAKE LONG FLIGHT

Atwood Plans Hydroaeroplane Journey to Cross Ocean.

Lynn, Mass., Jan. 3.—Harry N. Atwood will make an attempt next April to cross the ocean in a hydroaeroplane in thirty hours. An improved type of hydroaeroplane of his own design, it was learned, is to be constructed by the Burgess company at Marblehead, Mass. Atwood has designed a machine larger than any yet built, to be driven by two engines of not less than 150 horsepower.

Rob in City Hall Building.

Minneapolis, Minn., Jan. 3.—Daring robbers entered the courthouse and city hall building here and despite the fact that the central police station was on the floor below rifled telephone booths and got \$50 worth of cigars from a stand. The police were unaware of the robbery until reported by a watchman and janitor.

AS TO TEMPORARY FILLINGS

Certain Conditions May Render Them Advisable, but Usually Permanent Work Is Preferable.

There are often times when it is not advisable to fill the teeth with the durable, permanent fillings, and in these cases the plastics, cement and gutta-percha, are generally used as temporary fillings. Sometimes the operator will use a durable filling in a tooth knowing that for some reason the filling cannot last, and this also is called a temporary filling.

One of the great fields for temporary filling is in the teeth of children, for it is a common thing for the parent to bring the child to the dentist with its teeth in bad shape. The dentist is supposed to take the child in this condition, insert temporary fillings, and thus relieve the pain and restore the teeth to usefulness. Although this is a common occurrence, it is a hardship to both the child and to the dentist, and it is a wonder that there is as much success as there is in this direction.

If the parents only knew that the proper time to take the child to the dentist was at the age of two, that at this age little metallic fillings could be inserted without pain, and the fillings would last, usually until the teeth were lost, that the expense and trouble that this early visit to the dentist would be as nothing to the expense and trouble coming from its neglect, then certainly there would come a time when very few temporary fillings would be inserted in children's teeth.

People in ill health often have temporary work done until such time as they are able to have permanent fillings inserted. At such times, indeed, it often happens that the plastic temporary fillings preserve the teeth better than the durable metallic permanent ones. This is due to the abnormal condition of health.

When possible, permanent work is to be preferred, as the dentist will trim the margins of the cavity a little larger each time he replaces the filling, until he has so enlarged the cavity that it cannot longer be filled.

In sensitive teeth it is often advisable to insert a temporary filling for a short period in order to discover whether the tooth will stand filling without disturbance, as in case of trouble the temporary filling is easily removed.

When through lack of time, as in case of a sudden journey, it is necessary for one to have temporary relief a plastic filling is also advisable.

The great difficulty in temporary work is that the patient soon forgets that it is only intended for a short time, and neglects to return as soon as he should. By such neglect the teeth are often ruined, and therefore it is a safe rule to go by "to never resort to temporary work unless conditions oblige us to."

FILLING TEETH WITH CEMENT

Plastic Mass Cannot Be Classed As Permanent, but It Has Many Advantages.

Nearly every one, at some time in his life, has had a cement filling placed in a tooth, and yet to most people the subject of cement fillings is a hazy one. Many confuse this filling with amalgam, porcelain and gutta-percha, and while it may have characteristics akin to these three, yet it is of an entirely different order.

Those who wish their teeth attended to intelligently can do no better than to investigate the merits of the different kinds of filling, for although it is the usual thing to leave this matter to the dentist, there is a great deal of truth in the proverb about two heads being better than one.

Cements usually consist of a powder and a liquid, which, when well mixed together with a spatula, will produce a plastic mass that in time will become hard. Those who have ever watched workmen laying a concrete curb will see this process on a large scale.

If cements were only durable they would make the ideal filling, for they present many desirable characteristics. Among these may be mentioned the ease of matching the color of the tooth, the sticky quality, which adds strength to the tooth, the low cost, the ease and quickness of insertion, and the fact that the tooth filled with cement needs less cutting than when other materials are used.

Even if cement cannot be classed as permanent, it still ranks as a very valuable filling material. In children's teeth, in frail teeth, in discolored teeth and in teeth where temporary work is required, it has a useful field. As a medium for attaching crowns, bridges, posts, inlays and bands it is unequalled. It is largely used for sealing medicines in the treatment of teeth, and some cements have certain antiseptics incorporated in them to serve as treatments.

The poor have often blessed the cement filling for preserving their teeth until they were able to bear the expense of more permanent work.

Cement, like any other temporary filling, is good in its place, but too much must not be expected of it, and it will bear close watching.

Gossip in Olden Time.

"I hear," says Methuselah's niece, "that Tizab, the daughter of Shama, is to wed Blifle, the son of Kooth."

"Yes," replies Asapa, the daughter of Megog. "The idea! Why, he is young enough to be her great-grandfather!"—Judge.

REBEL FORCES ATTACK HANKOW

Imperialist Army of 25,000 Defend City Against 4,000 Revolutionists.

FIGHTING EXTREMELY FIERCE

Reported That Details For the Abduction of Emperor Have Been Concluded—Imperial Family in Secret Flight.

Peking, Jan. 2.—Advices received here from Hankow say that a revolutionary force of 4,000 men have begun an attack upon that city. The fighting, which is reported to be extremely fierce, continued nearly all day. An imperialist army of more than 25,000 occupies Hankow and is thought here to be amply able to defend it from capture.

Imperialist Leaders Pleased.

The leaders of the imperialists are delighted at the turn of affairs demonstrated by this outbreak. This they claim will give them the opportunity of avoiding the result of the proposed national convention, which was to decide the future form of government for China. It was the opinion of the imperialists that the convention would vote for a republic. The position the republican conferees in the gathering at Shanghai will take, now that the revolutionists have made an attack on Hankow, is awaited in Peking with intense interest.

Word was received by the Manchurians here that the republican delegates to the peace conference are willing to grant a royal annuity to the emperor and his clansmen and will protect the ancestral tombs and estates of the Manchus.

Will Provide for Manchus.

They will also permit the dukes to retain their titles and will provide for the Manchus until they can arrange for some means of making a living. The republicans also announce that Manchurians, Mongolians and all others will be treated as equals to the Chinese and given the same privilege in the government of the country.

It is understood that all details for the abdication of the emperor had been concluded, but the outbreak at Hankow will probably defer the execution of the plans, not only for the leave taking of the emperor, but for many other reforms that were about to be launched.

A telegram from Shanghai to the premier, Yuan Shi Kai, states that the republicans have refused to have the national assembly meet at any other place except Shanghai. The reply to this has also been deferred owing to the fighting at Hankow.

China's Imperial Family Escapes.

St. Petersburg, Jan. 2.—The secret flight of the emperor and the dowager empress of China to the Imperial residence at Schikho, near the Mongolian frontier, has been effected, according to dispatches just received here.

FAMOUS ACTRESS IS DEAD

Virginia Drew Trescott, Widow of Melbourne MacDowell, Succumbs.

New York, Jan. 2.—Virginia Drew Trescott, widow of Melbourne MacDowell, the tragedian, died here following an operation for appendicitis. Mrs. Trescott left a wealthy husband, Charles Trescott of Portland, Ore., because he did nothing but "sleep and count his money." She met Mr. MacDowell while playing in a stock company at Kansas City.

Speaking of the Divorce Evil

Trying to succeed in business without advertising is like the case of the man who, trying to out expenses, divorced his wife and alone attempted to keep house and raise his children. It cost him more money for doctor bills and funeral expenses in a year than he gave his wife in a lifetime.

When advertising is divorced, business success becomes failure.

This paper is building your neighbor's business. He has reasons. He tried advertising and it helped him. It is not an experiment—this paper brings results. Good, hard, convincing results—dollars.

WHY SO WEAK?

KIDNEY TROUBLES MAY BE SAVING YOUR LIFE AWAY. DIXON PEOPLE HAVE LEARNED THIS FACT

When a healthy man or woman begins to run down without apparent cause, becomes weak, languid, depressed, suffers backache, headache, dizzy spells and urinary disorders, look to the kidneys for the cause of it all. Keep the kidneys well and they will keep you well. Doan's Kidney Pills make sick kidneys well. Here is Dixon testimony to prove it.

Mrs. William Toot, 512 W. Second St., Dixon, Ill., says: "I suffered for years from kidney complaint and my back ached persistently. I was so weak at times that I could not attend to my housework and nothing did me any good. Finally, I got a box of Doan's Kidney Pills at Leake Bros. Co's Drug store, and they cured me. I feel that my experience should convince the most skeptical person of the merit of Doan's Kidney Pills. I know of a (Statement given February 5, 1907.) number of other people who have taken this remedy with great benefit."

RE-ENDORSEMENT
Mrs. Toot was interviewed on January 5, 1910, and she added to the above: "I have no hesitation in verifying my former endorsement of Doan's Kidney Pills. During the time that has elapsed, I have taken this remedy occasionally and it has always brought prompt and effective relief."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

LET'S not despise just common things. For here's a truth there is no dodging. The bird that soars on proudest wings Comes down to earth for board and lodging. —Nixon Waterman.

THINGS WORTH KNOWING.

When a clock refuses to run it is often because it needs oiling, and an easy way to oil it is to saturate a piece of absorbent cotton and place it in the bottom of the clock. The oil will evaporate and oil the works.

A whisk broom is a great convenience in sprinkling clothes.

Old bed spreads are useful for many things. A large part may be used for silence cloths on card tables, or if enough is good, one for a dining table. The smaller pieces may be made double and used as bath mats. The small pieces make fine wash cloths; so every bit may be used.

A small-sized baking powder can, with a few holes punched in the bottom, makes a fine food chopper, and can be used to chop potatoes while they are frying.

If a coffee or spice mill is needed for other grinding, it can be nicely cleaned by running a few dry crackers through it or a little rice.

If velvet bows get matted on hat or gown, wrap the heated curling tongs with a wet cloth and steam them into shape again.

If sweaters and knitted garments are dried on coat hangers they will look much more shapely.

Bake pumpkin pie in small patty tins and serve with a spoonful of whipped cream on each.

Save all fruit juices to use in frozen dishes or for pudding sauces.

Puffed rice makes much more delicious balls than popcorn, as there are never any hard kernels in the rice to cause discomfort when eating.

When steel knives are laid away, if wrapped in tissue paper they will keep bright.

Nellie Maxwell.

HINTS FOR THE HOUSEKEEPER.
This is the season of the year when we get our best nuts, and those who are living without meat find they prove a good substitute.
Olive oil, cream and butter are all valuable foods and should be used freely.
The plan of keeping a house purse downstairs near at hand will save many steps and much time.
Cookies and cakes in stone jars will find them delicately flavored.
A child's broom will be found most useful in sweeping under heavy pieces of furniture or in small spaces where it is not easy to use a broom.
Keep two calendars at hand; they will be found most useful, one to tear off, the other to keep to refer back to past dates when necessary.
A dainty little ruching for the house dress is made of the footing of lace used a good deal a few years ago. Baste or plait on double to a narrow binding, and put into the necks of all the washable morning dresses. These ruchings launder well.
A very easy way to tint lace any desired color is to use oil paints, the kind which comes in small tubes used by artists. Thin it with gasoline and dip a small piece of lace to get the right shade.
To make handkerchiefs look like new that have been washed, iron when very damp, or add a very little starch to the rinse water.
Instead of sweeping the carpets so much with a broom, cover the broom with a bag, dampen slightly and rub it over the carpet in the direction of the pile. It will not be necessary to sweep it so often.
Before writing a letter, a great help is to jot down items which may be written about; in that way a good letter is written and when it is sealed and on its way one is not so apt to remember that the most important thing was left unsaid.

Nellie Maxwell.

He worked and slaved all his life to move a big stone from one place on this earth to another, and then he died, and the undertaker put his body under the stone—and that is the whole story.

SUFFERED AGONY WITH ITCHING

And Burning. Sores Like Boils All Over Body. Parts of Flesh Raw. Could Scarcely Bear Clothes On. Nearly Worn Out When He Tried Cuticura Remedies and Was Cured.

"About four years ago I broke out with sores on my arms like boils. After two months they were all over my body, some coming, and some going away. In about six months the boils quit, but my arms, neck and body broke out with an itching, burning rash. It would burn and itch, and come out in pimples like grains of wheat. I was in a terrible condition; I could not sleep or rest. Parts of my flesh were raw, and I could scarcely bear my clothes on. I could not get up in bed in any position and rest. In about a year I suffered agony with the burning, itching sores. I could hardly walk and for a long time I could not put on socks."

NO POLICE PROTECTION

White House Guards to Be Removed Tomorrow.

Twenty-two Officers Doing Inside Work at Executive Mansion Ordered to Report to Captains.

Washington, Jan. 3.—Orders were issued to the 22 policemen now doing inside work at the White House to report to their various precinct captains tomorrow. This move, which came as a shock to the whole police department, is the result of a movement in the house of representatives for economy.

Chairman Burleson of the house committee of the District of Columbia, called at the White House a few days ago and suggested to President Taft that the inside police protection could be done away with. The president, who does not feel that police protection is necessary, agreed. No one at the White House would discuss the order aside from saying that no arrangements have been made for policing the executive mansion and offices after tomorrow.

TUBERCULOSIS EXPENSIVE

National Association Reports \$14,500,000 Spent in 1911.

New York, Jan. 3.—In the war against tuberculosis \$14,500,000 was spent in 1911 throughout the country, according to a statement issued here by the National Association for the Study and Prevention of Tuberculosis. This sum is practically the same as last year's total. Of the total, \$11,800,000 went directly toward the treatment of consumptives in sanatoria and hospitals, and the remainder to anti-tuberculosis associations, dispensaries, open air schools, boards of health and other agencies.

UNDER WATER WIRELESS

Inventors Assert Device Will Prevent Disasters Under Sea.

Portsmouth, N. H., Jan. 3.—By means of an under-water wireless system two brothers, John S. Shea and Daniel S. Shea, volunteer officers in the Spanish-American war, hope to prevent loss of life in disasters among the submarine fleets of the world. Their invention, it is declared, will allow communication from the bed of the ocean with vessels on the surface and with land stations.

in their Savings Department.

YOU DO NOT NEED:

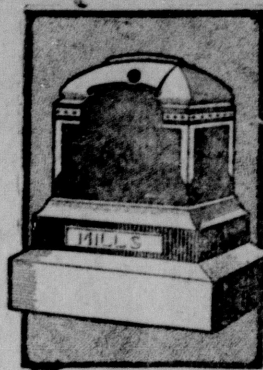

A large sum of money to take stock in this Association:
SIMPLY THE DESIRE AND AMBITION TO SAVE.
You make application for the number of shares you can carry at a monthly payment of 50 cents per share.

We issue you a certificate of stock and pass-book and on or before the 10th day of the month you make your first payment and continue to pay the same amount each month until the amount paid in by you and the earnings added by us equal One Hundred Dollars per share. If, for any reason, you should want your money back sooner YOU CAN GET IT AT ANY TIME WITH 6 PER CENT INTEREST ADDED.

We've been doing this, you know, for over 24 years.

SELECT IT NOW

Why put the matter of selecting that monument off any longer? We have never been better equipped to design—construct and put in place a suitable and substantial memorial than at the present time. Come and see us about it today.

You can save \$25 to \$50 on any Monument you place your order for within the next 30 days—Monument will be erected in spring 1912, you make payment when work is erected in cemetery.

We carry the largest stock of Monuments in Illinois, and you can always make a selection from stock.

You can save agent's commission by placing your order with us—as we employ no agents.

Telephone or write for prices.—334-515

Bring In Your Old Batavia Coupons

All BATAVIA COUPONS of a later date than 1911 are "NOGOOD" now but we will extend the time to Jan. 15th. Bring in the old ones and if we do not have what you want now we will give you new Coupons for the old ones. Our Coffee House has refused to except them after that date. Please attend to this at once. They have kindly extended the time already over one year. We can hardly expect them to keep it up indefinitely.

usually consist of a liquid, which, when well together with a spatula, will produce a plastic mass that in time will come hard. Those who have ever watched workmen laying a concrete curb will see this process on a large scale.

If cements were only durable they would make the ideal filling, for the present many desirable characteristics. Among these may be mentioned the ease of matching the color of the tooth, the sticky quality, which adds strength to the tooth, the low cost, ease and quickness of insertion, and the fact that the tooth filled with it is stronger than when it was lost.

Capital and Surplus \$200,000 and Resources of over \$1,000,000.

Will be pleased to add YOUR name to their constantly growing list of Depositors in the Savings Department.
